Subject: Informational Filing Rider CTS – Coal to Solar Adjustment (Rider CTS)

Dear Ms. Cook:

Commonwealth Edison Company (ComEd) submits the following informational sheet for filing with the Illinois Commerce Commission (ICC) on April 17, 2026, for informational purposes:

COMMONWEALTH EDISON COMPANY
ELECTRICITY
ILL. C. C. No. 10

Coal to Solar Adjustment
9th Revised Informational Sheet No. 63 canceling 8th Revised Informational Sheet No. 63

The revised informational sheet is to become effective on April 18, 2026. The calculated value of the Coal to Solar Adjustment (CTSA), beginning with the May 2026 monthly billing period, will increase to 0.009 cents per kWh (¢/kWh) to provide for a better match between the expected costs of purchasing Coal to Solar Renewable Energy Credits, resulting from an additional project activated in March 2026, and the recovery of those costs. This value includes the zero-balancing adjustment in accordance with the provisions of Rider CTS.

Electronic copies of this transmittal letter, informational sheet and work papers are being provided to Dr. James Zolnierek (Bureau Chief – Public Utilities); Mr. Richard Bridal II (Director: Financial Analysis Division); Ms. Rochelle Phipps (Assistant Director: Finance Department – Financial Analysis Division); Mr. Michael Alan (Accountant: Accounting Department – Financial Analysis Division); Mr. Scott Tolsdorf (Accountant: Accounting Department – Financial Analysis

Division); and Mr. Sam McClerren (Tariff Analyst: Rates Department – Financial Analysis Division).

Sincerely,

John L. Leick
